MY WHY

I joined the HOTTY family in December 2021 during my 8th Grade Rush. I remember how nervous I was when I first started and want to help make the transition to HOTTY easier for the younger grades. I want to ensure that HOTTY continues to grow and thrive and that every member has the same excitement for HOTTY that I now have.

GOALS/IDEAS

- Match all 8th graders and new members with a Big during 8th Grade Rush or before their first HOTTY event to help welcome them and make their transition to HOTTY an easy one
- Work with Bobbee and Judy to meet with the 6th and 7th grade classes to get them excited about HOTTY and their own youth group events
- Stay in contact with all new members to ensure they know about upcoming events
- Increase HOTTY presence at Fall and Spring Kallah
- Create an environment that is inclusive and welcoming to new and younger members

ABOUT ME

I am currently a sophomore at Roswell High School. At home, you can catch me at my computer playing video games or watching a movie. I like to read and write and am definitely a night owl. I have three cats and a dog who make our house full of energy. I also enjoy watching sports, playing tennis, taking walks, and learning graphic design.
