

LAUREN COHN

SOCIAL ACTION VICE PRESIDENT

I am a qualified and enthusiastic HOTTY member looking to lead our temple's youth group to be more involved and connected with our community and those in need. I look to lead with Judaism and the interests my peers and other Jewish teens have. I love to inspire others to get involved and connected in their communities, and I plan to do just that with HOTTY as SAVP.

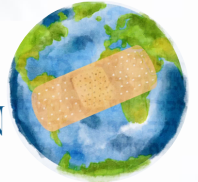

EXPERIENCE

- I was on the HOTTY planning committee for Shab-HOTTY this past year.
- I have volunteered with many local organizations such as various food pantries, homeless shelters, veteran aid, and many others.
- I started a club at my school where we go to senior homes and give the elders makeovers and form intergenerational bonds. This club has taught me leadership and organizational skills valuable for this position on board.

Confirmation has also helped me grow as a person and be prepared for this board position. (This is a picture from my class' confirmation trip to New York.)

TIKKUN OLAM

GOALS/IDEAS

Frequency

I plan to host a volunteering event at least once every other month. I believe this will help get teens more involved as it gives them more opportunities.

Spreading the Word

I plan to promote all the volunteering opportunities on social media platforms, verbally in Confirmation/Kesher classes, at every HOTTY event, in group chats of HOTTYites, and in phone calls/texts to members. I believe doing this will help get more teens involved if they hear about it multiple times, and we will get more service work done!

Consistency

Teens have many different interests, and I will make sure everyone has an event that exceptionally excites them by talking to our members themselves. I would love to visit food pantries, senior homes, animal shelters, veteran assistance homes, and many more to connect with every HOTTY member.
